

Dunholme Camera Club

I'm sure that you are all, like me, wondering "Where has this year gone?" Well, we still have a couple of months left and at the moment in our area we still have more freedom than some other cities and counties to get out a bit and enjoy our spare time. If you are like the members of the camera club you take your camera with you on your outings and record some images to show what 2020 is and has been like. Although the members of the camera club can't meet as a club we have still been meeting "virtually". I have been holding live meetings on YouTube every Thursday night and the members have been joining in with talks, competitions and other activities. In fact, we have possibly had some of the best images from the members for some years. If you would like to join the club, all you have to do is go on to YouTube and search for Dunholme Camera Club and join us at 6.50pm each Thursday night.

Right: what do we have coming up for November? On Thursday 5th we will be having a talk by Geoff Trinder about "Birds of Prey": should be a great night. On 12th November we will be having a talk by one of our club members, Caroline Steele, on "India: away from the western tourist trail" and on 19th November I will be judging the final of the monthly competition. I will be judging 55 images, five selected each month from January to November by our chairman Bob Mould. Finally on 26th November our past chairman, Jim Blainey, will give us a talk on "My Photography". So it's a packed month for the members.

That's all from me for now but if you are interested in the club please do not hesitate to get in touch.
