Dear Editor,

I hope that most village residents read the piece in the April issue of the **NEWS** regarding the Welton Litter Pickers. I say that because litter impacts us all; we pay for this to be collected and disposed of even though it's volunteers who are collecting it. When exercising my dog one morning I saw

plastic in the beck on Ryland Road playing fields, a radiator that someone took the trouble to carry near the lagoon, litter on the skatepark and the footpath alongside it near William Farr. Sad to say that even when this is cleaned up it's not long before it reappears. Village residents or their children are doing this. Let's have some pride in where we live and if you want to reduce your rates, take your litter home or to a bin.

Bob Boulton

[Apparently the litter on the playing fields was quickly removed by the parish council (PC), however we should not rely on the PC to do this, we should properly dispose of our own litter. The Editor]

Dear Editor,

The Times newspaper reported on 15th April that Orthodox Archbishop Job of Telmessos in Turkey has called for churches in the East and the West to celebrate Easter on the same day. It's a pity that the archbishop did not read the April issue of the Welton **NEWS** which reported (*From the Archives*) that in April 2011 a reader went further by advocating that the churches should agree a fixed date for Easter. As always, the **NEWS** appears to be ahead of the story.
