

MILES OF SMILES

Smiling is infectious
You catch it like the flu
When someone smiled at me today
I started smiling too.
I passed around the corner
And someone saw my grin
And when he smiled, I realised
I'd passed it on to him.
I thought about that smile,
Then realised its worth
A single smile, just like mine
Could travel round the earth.
So if you feel a smile begin,
Don't leave it undetected
Let's start an epidemic quick
And get the world infected
