

WELTON GOLF SOCIETY

We are back! On Monday 12th April we held Alan Woodhead's Captain's Day at Laceby Manor Golf club. We had to comply with Covid-19 restrictions so there was no food or socialising before or after golf. Just turn up, change in the car park, play golf, change in the car park and drive home; prize presentations taking place later in the year. The course was in good condition but challenging. Quote from Alan; "It certainly wasn't my day, being caught by the beck, the greens and missing the fairways on several occasions. For those who had the skill and ability it was a great course."

Twenty eight members and three guests made the trip. The Captain's Day winner with 34 points was Andy Sayers, well done. Bob Boulton was second with 30 points and Graham Reeve third with 27 points. Kevin England was the winning guest with 26 points. Nearest the pins were won by Mac Harrison and Alex Lawford. Alex also won the longest drive. John Ryland won the 2s, unfortunately the pot was very small.

As is our practice we always have a sweep on our Captain's Day: 1st John Ryland, 2nd Captain Alan, 3rd Gary Lamb, 4th Keith Parker.

This was the final outing for the grand prix which ended up very close, with three members getting 195 points for their best seven scores. They were Steve Broughton, Phil Morris and Alex Lawford. Under the rules of the competition Alex won on countback. Well done Alex and the rest of the winners.

Our next outing will be Rod Johnson's Captain's Day (subject to Covid-19) on 21st May at Cave Castle. Brough.
