

## DUNHOLME CAMERA CLUB

**September** saw the first interactive meeting at The Old School since the start of the pandemic and just under 30 members turned up. We had a great catch-up and put the world to rights. Since then we have continued to meet for our usual competitions, talks and demonstrations.

So what will October bring? We have a couple of events coming up; the President's Challenge which this year is '*hands that tell a story*'; perhaps the hands of a pianist playing the piano or maybe a farrier at work on a horse's hooves? I'm looking forward to judging this one. The other meeting will be a talk by one of our members on macrophotography, covering insects and fungi. This should be a great evening as Graham, the member in question, enters some great images into club competitions.

For full information on the club and to see the dates of our events, go to our website. We also have a Facebook page (just look for Dunholme Camera Club).

Are you interested in photography? Do you want to improve your skills as a photographer? Then get in touch or just come along to one of our meetings and see what a great group of photographers we are. We meet every other Thursday at 7.30pm for a couple of hours and have various competitions, talks, demonstrations and interclub activities. Once we get fully back to normal we also have a day group where we have outings, going out and about for the day with our cameras.

**Grahame Dunkin, President**
