

## WELTON LIBRARY AND COMMUNITY HUB

We are pleased to say that our services are carefully returning to something like normal. During August we reintroduced our public computers at all library sessions. As a reminder, the public computers have full Internet access together with Microsoft Word and Excel, with the option of printing in black and white or colour. You can also bring your own memory stick to print from or we can make photocopies from a printed document for you. There is a small additional cost for printing but access to the computers is free. There is also free Wi-Fi if you want to bring along your own device.

On Monday 27th September starting at 2pm we are holding an afternoon tea in aid of Macmillan at Manor Park. As well as coffee, tea and cakes, there will be tombola and stories and craft activities for children. More details will be provided around the village, on our Facebook page and on the Welton **NEWS** and parish council websites. Donations for the tombola stall can be left at the parish office. We hope that many of you will join us to support this excellent charity. If you haven't been to the library, this will be a good opportunity for you to find out what we have to offer.
