

PROJECT CORNERSTONE APPEAL, PART 3

Following on from appeals in the December and April issues of the Welton **NEWS** for foreign and old UK currency, on behalf of Project Cornerstone (Reg Charity No. 1093589), I would again like to thank everyone who made donations in response, with a particular mention to the person who included a gold sovereign in their donation. This gave a welcome boost to our funds, where every penny raised is used to support the work of the charity in Ghana. I wish to give another opportunity for people to support Project Cornerstone, especially with overseas holidays taking place in recent months.

So, again, if you have any foreign currency from any country, whether in current use or withdrawn or any withdrawn or current UK currency (coins or notes accepted), that you wish to donate, you can call me on 01673 862542 or 07918156695 and I will collect or you can bring your donation to 8 Ryland Road, Welton, LN2 3LU. I will continue to leave some collecting jars by my front door if anyone wishes to take one to fill over time.

Information about the work of Project Cornerstone in Ghana can be found online at projectcornerstone.org.uk.

On behalf of Project Cornerstone, many, many thanks.

Marvin Liddle
